

TESTIMONIALS

"I purchased your workbook for the Las Vegas Fire Department. Although the time left was very short and although I work two jobs, I was able to score 99% on the recent Las Vegas exam! I have 13 years' experience as a firefighter and engineer and in no way does my experience and education give me an advantage in the area of entrance exams because the days of the standard civil service exam seem to be over. I find that the use of specialized study guides such as those you offer are imperative for one to be a viable candidate in today's highly competitive market. Once again, thank you very much for a fine product and service."

"Don McNea Fire School was extremely helpful in allowing me to score high on all levels of the Chicago Civil Service Examination. I am the second in my family to have successful results by using your preparatory materials."

"Your exam prep put me in the best position to be successful. Without it, I wouldn't have stood a chance. It allowed me to finish in the top 3. I would do it all again if I had to. Thank you so much!"

"The exam prep for Stress Tolerance, Team Orientation and Motivation/Attitude alone was well worth the price I paid! I would have paid 5 times this amount to have this kind of insight into the exam."

"I took the I/O Solutions exam previously and finished with a very disappointing score of 82%. My dream department was testing and there was no way I was going to score that low again. I did an internet search and found your exam prep. My score increased to 96.4%, which put me #1 on the eligibility list. I really can't say thank you enough!"

"The exam prep for the Human Relations portion alone was well worth the price I paid! I would have paid 10 times this amount to have this kind of insight into the exam."

"I took the FireTeam exam twice and failed miserably. My dream department was testing and there was no way I was going to score that low again. I did an internet search and found your exam prep. My exam score increased dramatically and put me in the top 5 on the eligibility list. I really can't say thank you enough!"

"I felt extremely prepared having no prior knowledge of what would be on the New York Fire Exam. I was impressed with how prepared I was from just taking one practice exam. The most important skill that was covered was how to identify different questions and how to approach answering each one."
